

20/21 PSHA Covid-19 Temporary Emergency guidelines for the 20/21 PSHA season running August 1, 2019- July 31, 2021

1. We will combine this competition year with the 2021 competition year, making a combined year 20/21.
2. All times that were/are run during 2020 will roll into your 2021 average.
3. We will roll the awards fee to count towards 2021.
4. We will extend the Supreme horse times for this occurrence one year. For example, your supreme times can be 2018, 2019 and 20/21 combined.
5. We will roll our 2020 officers into 2021.
6. We will extend judges and timers cards to be good through the 2021 season.
7. PSHA Annual Memberships: These do not carry over from the previous year. You will need to pay a new membership for this year.
8. Age Groups: Within PSHA, we will freeze age groups and compete based off your age as of August 31, 2019.
9. Interstate Qualification: At the last Interstate Meeting, the committee approved a motion that PSHA and WHO paid members for the 2020 season would qualify as Juniors in 2021. Non-Members in 2020 would not be kept in the Junior age group.

The following guidelines are to be used by Show Management if such restrictions in your County for Covid-19 do not allow Show Management to manage PSHA shows per current rulebook. It is proposed that we:

1. Allow for "limited riders" based on the arena/club/fairgrounds or county rules/restrictions and allow for the times to count for State/Interstate averages/awards. Consultation and approval of the Vice President is required.
2. Allow for "**Mini Shows**"
 - a. "**Mini Shows**" are the same events but broken down into "time lots/groups" on the same day. A "*time lot/group*" is a specific number of riders that have a predetermined time that they will show up and ride. The start time for each "*time lot/group*" will be determined and published by the Show Management.
 - b. "**Mini Shows**" are "*time lot/groups*" in the same arena, on the same day and with the same event order.
 - c. Only one show approval fee will be needed per day regardless of how many "*time lots/groups*" are run that day.
 - d. The events must be run in order listed on the show approval form before going to the next "*time lot/group*".
 - e. Riders may ride multiple horses within their "*time lot/group*".
 - f. If a show only offers an open class with no Jackpot class in an event, the same "horse/rider combination" may ride more than once in each event. (At the discretion of the show chairman).
 - g. The "same horse/rider combination" cannot ride in different "*time lot/groups*" within the "**Mini Show**".
 - h. Allow for courses to be reset for "*time lots/groups*", so long as the events are run in the exact same order at the same show, in the same arena, on the same day.
3. Allow for your 3-time average to come from one arena instead of two separate arenas.

*****ALL other PSHA rules will be followed as outlined in the 2021 rule book. *****
